

# Hot & Cold Packs

Our selection of hot and cold packs provide the caregiver with a wide variety of options to administer immediate pain relief in any situation. Quickly activated and available in both covered and non-covered varieties. Their flexible design conforms to the bodies contours making them a great choice for any application.

## Hot/Cold Gel Pack

The reusable hot/cold gel packs can be stored in the freezer for cold therapy or quickly warmed in the microwave for heat therapy.

## Infant Heel Warmer

Features a simple 3-finger activation and is designed with a tape tab to ensure a proper and secure fit.
