

# Laparotomy Sponges

The HCS single use Laparotomy Sponges are manufactured to the same high standards as the HCS O.R. Towels. They are made of 100% highly absorbable cotton that is pre-washed and lint-free.

The 7-inch blue loop and x-ray detectable thread that is sewn directly into the Lap Sponges reduces risk to the patient. Available in 18" x 18" and 4" x 18".

Use with the HCS Sponge Counter Bag to organize and utilize an effective counting system.

## Laparotomy Sponges
