

Patient Slippers

Made from high quality polyester/spandex fabric, our slip-resistant slippers provide patients with comfort and durability, while ensuring their safety.

Available in Single-Sided, Double-Sided, or All Around Tread.

All Around Tread Slippers

The unique 360 degree tread pattern guarantees a proper, secure fit and constant traction to the floor.

Mesh Top Slippers

For patients who suffer from Edema or any swelling of the leg. The mesh top provides a secure fit to the calf without being constrictive and the wide sole creates a comfortable feel for the foot.

*Mesh Top slippers are available with All Around Tread only.
