

# Personal Protection Apparel

## Bouffant Caps

Made of light-weight, spunbound polypropylene fabric, these caps are both durable and comfortable. Latex and lint free with a stitched elastic band to provide secure coverage.

## Shoe Covers

Constructed from a durable spunbound polypropylene or a 3-layer SMS fabric. Anti-skid sole to provide maximum traction and help prevent accidental slips or falls. Available in two sizes to fit over most shoe sizes.

## Masks

Three layer design provides excellent particulate filtration. Sonically sealed soft edges and fully enclosed nosepiece that conforms comfortably to the face.
