

Sure-Stay™ Bandages

Looking for a first-aid wrap solution that does not stick to skin, hair, or other dressings? A wrap that can be used to support and secure sprains, hot/cold packs, gauze pads and/or catheters/IV securement? Look no further than the HCS Sure-Stay™ Bandage line.

The unique technology of the Sure-Stay bandages allows for precise horizontal and vertical tearing. Each roll comes with an “Easy Start” folded edge that helps to indicate each rolls starting point.

- Self adherent
- Water resistant
- Air permeable
- Lightweight

Recommended for:

- Controlled Compression
- Sports Therapy
- Wound Care Securement
